STOCK

STUBBORN RHINO

STOCK

Stubborn Rhino has a strong connection with UK based coffee roaster 'Extract Coffee Roasters'. This relationship is built on trust and friendship like all of our connections.

The reasons we believe Extract Coffee Roasters are a perfect partner for Stubborn Rhino are;

- A local company, with a reputation for the quality of beans they supply.
- The work they carry out supporting surrounding communities.
- Their coffee is sourced ethically and responsibly from farmers around the world.

Their coffee beans are hand roasted to ensure top quality coffee

Their vision is to provide world class coffee that will be part of your daily routine and Stubborn Rhino wants to be a part of this continuing customer journey.

Turning a bag of quality coffee beans is only the start and our baristas want to continue to deliver that excellence into every single Stubborn Rhino cup of coffee they create.

EQUIPMENT

WE INVEST IN QUALITY TO
PRODUCE QUALITY

Stubborn Rhino boasts top of the range equipment to produce a top of the range product.

La Marzocco 2 group Linea Pb is the main feature of the set up. This is partnered by a F8 compaq grinder which has the ability to produce consistent doses time after time in under 4 seconds. This gives us the ability to produce brilliant coffee in a fast and repeatable time scale.

The equipment is be powered off a 32 amp commando socket with the machine drawing 16amp and other parts requiring 16amp.

The ability to run off a generator is also possible but noise cancellation then comes into play.

We believe the 32 amp commando socket gives us the power and reliability to deliver an excellent product to customers time after time.

MINI BARISTA BARS

Our Mini Barista Bars are perfect for any small indoor events ranging from 20-150 people whether that is office pops up, product launches, weddings or anything else. Let us charge up your event!
